

Forward March
for DixonLET'S CO-OPERATE:
UNITED EFFORT WINS MORE
POWER TO OUR CHAMBER
OF COMMERCECo-operation is a meaningful
word. Literally, it means the asso-
ciation of a number of people (or a
group or community) for their com-
mon benefit.In a community sense it signifies
a combination of faith and works
toward a goal of accomplishment.
Faith alone is a noble sentiment, but
without concurrent work it is futile.The Chamber of Commerce is en-
gaging in a campaign to secure more
members, to make it better able, with
adequate funds and membership to
do greater things for Dixon and vi-
cinity.The objects of the Chamber of
Commerce is not selfish; its aim is to
make a bigger and better Dixon for
YOU to live in.It is working for the benefit of ev-
eryone living in Dixon.Co-operation is the keynote of this
campaign. Everyone who has this
city's best interest at heart must
join in to make it successful.Vision, please, the Greater Dixon.
Consider what the Chamber of
Commerce has set as the mark to
aim at. Everybody will benefit. In-
dustrial development with a real ex-
pert to help; expansion of retail
trade territory; further city beau-
tification; adoption of a compre-
hensive City Plan; closer co-operation
between city and rural residents; in-
creased tourist traffic through Dixon;
more visitors to spend their sum-
mers with us and more publicity for
Dixon.These are all part of a well-bal-
anced program of work. YOUR
Chamber has in contemplation.Every citizen should do his part to
bring these ideals to fruition.Herbert Hoover, member of the
cabinets of two Presidents, says:"The work of a Chamber of
Commerce opens paths of use-
fulness limited only by the
degree of active interest which
is shown in its activities by the
community it serves"

He spoke the everlasting truth.

This is a direct challenge to the
people of Dixon. Are YOU interested
in seeing a bigger and better city?
You can best answer that by joining
with other public spirited believers in
Dixon's future in bringing to reality
a greater Chamber of Commerce.The poet Gibbons wrote:
That man may last, but never
lives.Who much receives, but nothing
gives;Whom none can love, whom none
can thank.

Creation's blot, creation's blank.

We don't believe any true Dixon-
ite would be so classified. We think
nearly everyone would prefer to line
up with the opposite of this type, as
applied by G. L. Banks:

I live for those who love me.

For those who know me true;

For the heaven that smiles above
me;

And awaits my spirit too;

For the cause that lacks assist-
ance.For the wrongs that need resist-
ance.

For the future in the distance

And the good that I can do.

Dixon's Chamber of Commerce is
not composed of miracle performers
just good, hard workers in the in-
terest of Dixon. The budget with
which it has had to work has been
small. Its scope of activities has
been limited.More members are needed in order
to increase the budget and enable the
Chamber of Commerce to do its ut-
most for the betterment of the city.Prove your loyalty to Dixon, your
faith in its future. It is not only a
city but a sound investment
which will repay you manifold in
benefits.

Join the Chamber of Commerce.

This means you and YOU and YOU.

Co-operate. That will get us some-
where.

BY H. H. HEINZE

Past Senior Counselor, U. C. T.

The loyalty and good will of no
single class of our citizens is of
more value to Dixon than that of
the commercial travelers. There are
many things we men can do to help
our city.One of them is the possibility of
inducing other commercial travelers
to locate in Dixon. I dare say that
the pay roll of the group of com-
mercial travelers already located in
this city compares favorably with
that of a factory employing 200 men
or more.We may also be able to induce our
concerns to establish a distributing
agency in Dixon and secure indus-
trial "leads" to be investigated by the
Chamber of Commerce.No city possibly can possess a
group of men better equipped to
preach the gospel of municipal pro-
gress than a group of 150 traveling
salesmen.We who already live in Dixon
know it is a mighty good town. We
have the chance to make our own
comparisons.The fact that we have chosen Dixon
as our headquarters is pretty good
evidence that we have a high opin-
ion of this city.Mr. and Mrs. A. M. Jones and
daughter Bertha of Bloomington are
visiting for several days with their
son and daughter, Mr. and Mrs. Paul
Jones.John Butterfield of Oregon was in
Dixon Monday on business.

BANK GUARDS
OF CO. GIVEN
GUNS TODAYThirty-Three Men in
Organization in
This CountyThe organization of a company of
bank guards in Lee county was be-
ing formulated this afternoon in the
supervisor's room at the court house,
which for the time being had been
turned into a well stocked arsenal.
Equipment of the highest class ob-
tainable was being furnished to
guards who will provide further pro-
tection to the banks of the county.
These guards were being equipped
with 12-gauge sawed off shot guns
and 25-20 repeating rifles as well as
a supply of high velocity ammunition.The guards, 33 in number, will
meet this evening with all of the
force of deputies in the county un-
der Sheriff Ward T. Miller, and
bankers at a dinner at the Nachusa
Tavern. This is to be followed by a
program which will consist chiefly of
final instructions to the guards, to be
delivered by Ross C. Saunders who
heads the bank guard department of
the Illinois Bankers' Association.The bank guard system which is
being inaugurated today in practical-
ly every city and village of Lee coun-
ty in which a banking institution is
located, will give additional protec-
tion with guards distributed as fol-
lows:Amboy, 4; Ashton, 4; Dixon, 3;
Franklin Grove, 4; Harmon, 3; Lee,
3; Paw Paw, 3; Steward, 3; West
Brooklyn, 3; Compton, 3.

Costs Banks \$1,500.

The fact that Dixon banks are af-
forded double protection through the
police department and sheriff's office
has resulted in the limitation for the
present at least, to three bank guards,
who received their equipment this
afternoon. The banking institutions
of the county are behind the move-
ment have expended sum of approx-
imately \$1,500 this year to provide
additional protection for their de-
positors through the bank guard sys-
tem.Each of the guards is sworn in and
deputized by Sheriff Ward Miller,
who is chief of the county system.
The Lee county unit becomes a mem-
ber of the Illinois Bankers' Associa-
tion guard system, which at present
comprises 3,500 members. With the
organization of the bank guard sys-
tem in Lee county, a reward of \$1,-
000 has also been offered for the tak-
ing, dead or alive, of any bank rob-
ber.In 1924, eighty per cent of the
bank robbers of the United States
were located in Illinois. Ross Saun-
ders stated today in commenting up-
on the reduction of bank robberies
in this state, "I believe today, that
the bank robbery system in Illinois
is undergoing quite a change. There
are a lesser number of jobs, accom-
panied by heavier losses. The bank
robbers today are conducting a more
systematically than a few years ago,
wining their work and executing their
program of operations much more
systematically than a few years ago.
Bank robbers have been driven out
of Illinois by the inauguration of the
bank guard system. Powerful sawed
off shot guns and rifles have driven
hundreds of them from this state and
has reduced the losses materially.
Their operations are confined largely
to the smaller towns and villages of
the state and they are keeping out of
the cities.

Praise for Miller.

"With the completed bank guard
system in Illinois, this number is be-
ing cut down each month. The bank
robber realizes that the hazard is too
great and that the organization is
too big to tamper with.Lee county may well be proud of
Sheriff Ward Miller as its peace en-
forcing officer. Recognition of his
ability and service is not confined to
the county in which he resides alone,
but is recognized in other localities.
As head of the bank guard system,
he is a proven official of exceptional
ability, which assures the success of
the movement in Lee county."Alleged Robber is
Wounded by PoliceChicago, March 27—(AP)—Jerry
Pargone, alleged gangster, who was
taken to a hospital fatally wounded
last night, was identified today short-
ly before he died as one of three men
who attempted last night to burglar-
ize an Oak Park dress shop. The
three were surprised by the police
but escaped in an automobile after
several shots had been fired. The po-
lice, who believed they wounded two
of the three robbers, went to a hos-
pital where Pargone was taken by
two men last night and identified him
as one of the robbers, although Pargone
denied it, stating he had been shot
by unknown assailants.

Cook CountyChicago, March 27—(AP)—The
fifth and sixth "political bombs" since
January 26 were exploded shortly be-
fore last midnight. One was aimed
at the home of United States Senator
Charles S. Deneen. The other was
thrown in an attempt to assassinate
the Deneen candidate for State At-
torney, Judge John A. Swanson of the
Circuit Court.Senator Deneen, who had attended
the funeral of the murdered "Dia-
mond Joe" Esposito yesterday, had
started back to Washington. His
sister, Miss Florence Deneen, and a
maid were alone in the house when
the bomb shattered the front porch of
the two-story frame structure. Win-
dows within the block were broken.Twenty minutes later one of two
men in a closed car hurled a bomb
directly at the automobile which
Judge Swanson was driving into his
garage. The bomb missed the car,
exploding near the front of the Swans-
on home and doing some damage.

"WALES" TODAY;
THEY TUMBLEDReaction Follows a Rec-
ord Breaking Day
YesterdayNew York, March 27—(AP)—The
stock market, which has been estab-
lishing new altitude records almost
daily for more than three weeks, went
into a nose dive today as prices
crashed \$5 to nearly \$20 a share in
one of the wildest sessions in Wall
street's history. Supporting orders
were quickly supplied and about half
the losses were recovered in a brisk
rally around midday.Trading was conducted at an un-
precedented pace, more than 2,000,000
shares changing hands in the first
two hours. With the ticker 31 min-
utes behind the actual market at mid-
day, there were strong indications that
the day's total sales might cross the
5,000,000 share mark for the first time
in history. The 4,000,000 share mark
has been crossed 1/2 twice, the first
time on March 22 and the second time
in yesterday's record breaking session
of 4,176,000 shares.The reaction in stock prices quickly
had its influence on the price of New
York stock exchange memberships,
sale of a seat being arranged today at
\$360,000, a drop of \$15,000 below the
record price established yesterday.

Watch General Motors

Cautious traders waited this morn-
ing for the opening of General Motors,
the recognized market leader, the
price movements of which had pro-
vided the cue to the general trend in
the last few weeks.About ten minutes after the mar-
ket opened, the tape carried the open-
ing price of General Motors at the
quotation of \$138 to \$136 1/2 a
share, as contracted with the record
of \$139 established yesterday. Within
a few seconds after this quotation was
flashed over the 7000 stock tickers
throughout the country, a stream of
selling orders was pouring into Wall
street for all classes of stocks. "Bear"
traders, who had taken a terrific beat-
ing in radio, general motors and their
other leaders, resumed their attacks
with all the aggressiveness at their
command.

Ticker Far Behind

So great was the flood of selling
that the ticker had fallen nearly 20
minutes behind the market before the
end of the first hour, with quotations
on the floor as much as 5 to 10
points away from those appearing on
the tape.Total sales in the first hour ran
close to 1,250,000 shares, with more
than a quarter of a million shares
turn-over in general motors alone.General motors broke from \$185 to
\$180 on one sale and then snapped
back to \$183. Radio plunged from
\$157.50 to \$146.25 and General Electric,
American International, Vanadium
Steel, Victor Talking Machine, Allied
Chemical and Montana Power sold
down \$5 to nearly \$8 a share below
yesterday's final quotations.Radio Corporation common stock,
which had dropped from \$157.50 to
\$146.25 in the first onslaught
of selling, suddenly sky-rocketed to a
new high record for all time at \$164,
or \$8 above yesterday's final quota-
tion, in mid-afternoon.Many Pay Tribute

BULLETIN

At this noon's luncheon, at which
time the report of the half day's work
in the Chamber of Commerce mem-
bership drive was made, it showed
that fifty-five members were added
during the morning, bringing the to-
tal membership to 203, just 147 short
of the goal of 350.Every worker was enthusiastic and
was determined that at least 100
should be added by tomorrow noon.
The Orange division, under Major

meeting of the team workers last
night, set out this morning to secure
memberships for the Greater Cham-
ber of Commerce which will make
Dixon the outstanding city on the
Rock River. Teams of workers un-
der direct supervision of Mayor
Famer, colonel for the campaign,
and his efficient Lt. Colonel Wm.
Hogan, together with their aides, in-
tended to leave no stone unturned in
their efforts to reach the goal of 350
members which they have set out to
obtain.

Fight Teams Work.

The working squads are divided
into eight teams. Two divisions,
Orange and Green have been form-
ed with each division having four
teams. Major John Moyer is direct-
ing the Green Division. The cap-
tains of his teams consists of Mess.

All Determined

The campaign is one of the most
determined ones ever staged in Dixon.
The workers are brim full of
enthusiasm. They believe some of
the things will come true that were
forecast by Walter K. Greenbaum,
the Chamber of Commerce industrial
advisor, who spoke before the meet-
ing of the workers last evening. Mr.
Greenbaum gave a straight-forward
talk on what other cities have done
in the way of community building
and expressed the conviction with
adequate funds and members, the
Chamber of Commerce can do much
this year for Dixon. He outlined how
several of the major projects for
Dixon can be put across. But the
results will not just come. Other
cities are seeking the factories and

Two hundred families were driven
from their homes last night when the
Feather river overran its banks at
Alicia, three miles south of Marys-
ville. A number of workmen who had
been engaged in strengthening the
levee were forced to flee. The new
flood area is an orchard country.San Francisco, March 27—(AP)—
Flood waters roared through north-
ern and central California and west-
ern Nevada with renewed violence to-
day.Hundreds of persons were homeless
in California where two deaths were
attributed to floods and property
damage was estimated at upwards of
\$500,000. The city of Reno also was
threatened with further inundation.
Continued rains over the northern
portion of the state high winds, snow
flurries at Reno and in the Sierra
ranges near there aggravated the sit-
uation.The California flood center shifted
momentarily from North Sacramento
valley as reports received here show-
ed scores of places inundated by the
Feather, Bear, Sacramento and Yuba
rivers.

Crest in 18 Hours

The crest of these flood waters will
not be reached for about 18 hours
at points below Marysville, estimates
made at Red Bluff and Dunsun
further up the valley, indicated.At midnight the town of Biggs was
under fourteen inches of water when
the flood gates of the Sutter-Butte
canal system were opened to save
that waterway from destruction.At Oroville, 25 miles away, fifty
families were rendered homeless
when the Feather river went over its
banks flooding the west end of that
community.The United States plant introduc-
tion gardens as well as the state land
colony, near Durham, were flooded by
Butte Creek, a tributary of the Sacra-
mento river. At the land colony
hundreds were forced to flee from
their homes.Transportation by rail and water
north of Sacramento was badly cripp-
led.BODY OF MISSING
ROCKFORD MAN IS

Body of Man "Lost"
Since Jan. 17th.Identified by means of keys in his
pockets, the body of Henry Smeenk,
60, Rockford, taken from Rock river
at Oregon Saturday afternoon, was
returned to Rockford for burial.Smeenk, an employee of the Illi-
nois Central railroad had been miss-
ing since January 17, when he left
work with his pay check. When he
did not return to his rooming house
that evening a fruitless search for
him was instituted.

Identification Difficult

The missing man's body was dis-
covered Saturday by Thomas Mc-
Conkey, who was in a boat fishing
near the Oregon Country club. He
notified Sheriff Sam Good, who turned
the body over to Dr. J. C. Aikins,
Forreston, Ogle county coroner.Because of the condition of the
body, which had been in the water
for two months, identification by
usual means was impossible. Several
keys found in the pockets were
turned over to Deputy Sheriff
George Banning of Rockford who
found they fitted doors, a trunk and
other locks which Smeenk used. This
with a watch and a pair of spec-
tacles found, established the body as
that of Smeenk.

Seek Relatives of Dead Man.

Authorities are trying to find rela-
tives of the dead man, none of
whom reside in Rockford. It is
thought he has a sister in Wiscon-
sin.Although friends of Smeenk who
assisted in the identification believe
that the man may have been mur-
dered and his body thrown into the
river it was impossible, because of
the decomposed condition of the re-
mains to tell whether there had been
any foul play.The coroner's jury returned an
open verdict.Mrs. Louise Rose of this city has
returned home from a week-end
visit with relatives at Savanna and
Thursday will motor to Rockford to
visit her sister, Mrs. H. Scott and
family.Mrs. Rena McAllister of Rock

(Continued from Page 1)

A complete showing of dresses, coats, ensembles, millinery and other high-class goods, coupled with feature entertainment, will make this year's show the most complete and attractive of any ever given here.

All garments will be shown on beautiful living models, and everything that will be shown will be taken from the regular stocks of the various stores, to demonstrate to any doubters that reasonable merchandise can be purchased in Dixon just the same as it can be purchased anywhere.

FINED \$10 AND COSTS Harvey Kline of this city, who attempted to stand off Chief Van Bibber and Officer Harry Jones yesterday while they were placing him under arrest, paid a fine of \$10 and costs on a charge of assault and battery when arraigned before Justice J. O. Shaulls in police court.

COAL THREE PAROLED William Houchen, aged 16, was arrested during the night by Officer Richard Pomeroy as he climbed out of one of the coal storage bins at the Public Supply Company's plant on Seventh street and Depot avenue with a sack filled with coal. At the police station, he is said to have admitted marrying away more than a ton of coal in this manner during the winter. He was taken into the county court where an information charging larceny was preferred against him and was placed on parole by Judge Leech for a period of one year.

Fire Threatened Pennsylvania City Latrobe, Pa., March 27—(AP)—Fire, which for a time threatened the business district of Latrobe, was brought under control after a four hour fight by firemen today. The total loss was estimated at \$250,000.

Fanned by a high wind, the flames, starting in a dairy company building, leaped across the street and destroyed a department store, a garage housing fifty automobiles, a furniture store and adjoining buildings.

Sparks, carried by the wind, started other fires in different sections of the city, but the alert firemen extinguished these blazes with small loss.

Unable to cope with the situation, the Latrobe fire department summoned help from nearby towns.

betterments Dixon is entitled to, but unless Dixon is alert and active others will deprive her. 350 men and women of Dixon organized under the banner of the Greater Chamber of Commerce can and will accomplish more than what half that number have heretofore been able to achieve. The greater the number the greater the pulling power. Dixon's civic consciousness has been awakened. Every public spirited citizen this week will evidence by joining the Chamber of Commerce his or her loyalty and ambition for a more prosperous, more attractive, more populous, more active growing community. Through the Chamber of Commerce one may manifest his or her readiness to cooperate with others. Its the one medium through which pride in one's city and desire for its advancement may be evidenced. The roster of membership will show clearly the true citizens.

Gov. Smith Demands Apology from Nye Albany, N. Y., March 27—(AP)—Governor Alfred E. Smith has written Chairman Gerald P. Nye of the Senate Teapot Dome committee that "a letter of apology and not a tirade of abuse" is due him for the Senator's statement concerning campaign contributions to the Governor from Harry F. Sinclair.

The Governor's letter was in reply to one from Senator Nye in which the latter charged him with seeking to undermine public confidence in the committee's investigation.

Senator Nye originally had charged that Sinclair had contributed liberally to the Governor's 1920 campaign and was in turn rewarded with an appointment to the State Racing Commission. The Governor in a previous letter had denied these charges as "demagogic slander" and had accused Nye and Senator Arthur D. Robinson, republican of Indiana, with being parties to a "republican counsel of desperation" to help their party escape in some measure to onus of the oil scandal. This letter brought the reply from Nye.

Missouri Delegates Will be for Lowden St. Louis, Mo., March 27—(AP)—Missouri delegates to the Republican National Convention will carry a resolution endorsing Frank O. Lowden for the Presidential nomination.

While the Missouri delegation was not instructed for any candidate at the state Republican convention here yesterday, a resolution endorsing the former Illinois Governor was adopted by a vote of more than two to one. This action was regarded as morally binding the delegates to Lowden as long as he remains a candidate.

Pope's Address Has Aroused Discussion

Rome, March 27—(AP)—The address of Pope Pius XIII. criticizing the National Catholic Center party for its alleged slighting of its religious character in favor of closer cooperation with the Fascist government was the main topic of discussion today in diplomatic as well as ecclesiastical and Roman political centers.

French Catholics were puzzled in view of their forthcoming election on April 22. Instructions from Cardinal Gasparri, Papal Secretary of State, enjoined them to support the Republican regime in power. The Italian Catholics, however, has just been rebuked for over-zealous support of the Fascist regime.

True, there is no "Roman question" between the French state and the Vatican as there is between the Vatican and the Italian state but the laws of the French republic against teaching by religious congregations and other measures, it was believed, could hardly have the Holy See's unqualified approval.

In the Pope's address of Sunday to the Diocesan Board of Rome one of the things to which he seemed particularly to object in the Fascist program was the brigading of the childhood and the youth of the nation to be educated in strict Fascist style.

The Pontiff asserted that the church alone was entrusted with the mission of Christian education and the formation of youthful character.

Calls Firemen to Help Find Robber New York, March 27—(AP)—John Estberg, Waukesha, Wis., broker, was robbed of \$200 and jewelry by a taxi driver who dumped him out in a strange part of town early today, and then things began to happen.

Estberg followed directions of a well-meaning passerby and pulled a convenient hook for a policeman.

To his astonishment, he was greeted by four engine companies of 32 men; two hook and ladder companies, with 16; two battalion chiefs, with their drivers; a water tower, manned by three men; a fire patrol, gas and electric emergency outfits and an assorted group of detectives, special police and patrolmen.

After explanations, Mr. Estberg said he would postpone his scheduled departure tomorrow if he could assist this agile army in apprehending the taxi driver.

SHOT WHILE AT PRAYER Yanesville, N. C., March 27—(AP)—As they were rising from their knees after the family prayer, Allen Pie, 56 years old, and Gorda Bradley, his niece, were shot last night by an unknown assailant who fired through a window of their home at Maggie, near here.

A load of small shot struck Pie in the face and neck. His condition was described as serious. Miss Bradley was only slightly wounded.

Officers believe Pie's recent activity against moonshiners led to the shooting.

OLD MASTERS

ONCE IN BRITANNY
If I were a lady, gentle and free
Long ago in Brittany,
I would pass full many an April hour
Sitting in a high stone tower
Tambour frame for company
Gazing out on Brittany.
Pale green satin I would stitch,
Watching from my window-niche
Green steal o'ed wood and meadow
Golden furze in every hedgerow,
Blue of distant river and sea,
Early spring in Brittany.
I, with slender golden thread
Would follow where each hedgerow
led.
Tracing on my satin green
Every peasant's small demesne
Thin blue silk I would overlay
Where the rivers made their way,
Matching with a careful eye
Blue of silk and blue of sky;
Seed pearls adding thereto
For April rain and April dew,
Primrose embroidery there
With the pale gold of my hair,
And violets with leaves and stems
Finely wrought in silk and gems.
Daylong I would be content
Gravely over tambour bent
To trace in fine embroidery
Early spring in Brittany—
All for love of Brittany.

Community Club Held Pleasant Meeting

The South Dixon Community club held a very pleasant meeting Wednesday with Mrs. Amy Wolf from.
At noon a very tempting picnic dinner was served to a large crowd of members and friends.
After dinner everyone was kept busy making dust caps until the meeting was called to order by the president.
A short program was given. The opening number being a song by the club.
Birthday verses, including the names of those having birthdays this month, Mrs. Henry Grobe, Mrs. Ralph Lehman and Mrs. Walter Lievan, were read. The verses were written by Mrs. Lautzenheiser. She also wrote another clever verse on the hostess, Mrs. Wolf from, which added much enjoyment to the program. The gifts were then distributed to the three mentioned above.
A duet by the two Black Crows (Ida and Helen), followed. A recitation on Spring, given by Mrs. Walter Ortgesen, was enjoyed by all. All members are invited to attend an April Fool party at the home of Mrs. John Jensen at Lowell Park Lodge Saturday evening, March 3rd. Radio music completed the program. The entire day proved one of great enjoyment to all present.

Dixon Couple Were Married Here Saturday

John L. E. Waldschlager, recently of Hamblin, Mo., but now of Dixon, and Miss Violet Esther Engle, also of Dixon, daughter of Mr. and Mrs. Wm. Engle of Pine Creek, were married in Dixon Saturday evening at 8 o'clock at the parsonage to the Christian church, the pastor, Rev. B. H. Cleaver, officiating. The young couple were attended by Miss Dorothy Engle, sister of the bride, and by Donald Hollingsworth. The bride's maid added to her already large list of cently was a bookkeeper at the Hartwell market and her courteous manner. Mr. Waldschlager is employed in Dixon, and the young couple will make their home here. The best wishes of friends are extended them for happiness.

CLY ALTY CLUB POSTPONES MEETING
The members of the Cly Alty club have postponed their meeting from Wednesday until Friday evening, at which time it will be held with Mrs. Guy Merriman, as stated. Postponement is due to activities in the Elks lodge, the members' husbands being Elks, and initiation or something equally important taking place at the club house Wednesday evening.

MENU for the FAMILY

BY SISTER MARY
BREAKFAST—Stewed rhubarb, cereal, cream, potato omelet, crisp toast, milk, coffee.

LUNCHEON—Lima beans baked with cheese, beat and cabbage salad, prune whip, milk, tea.

DINNER—Codfish pie, apple and raisin salad, cherry pudding, milk, coffee.

These are well balanced menus planned for meatless days in lent. The codfish pie is rather out of the ordinary and very good.

Codfish Pie

Three-fourths pound salt codfish, 2 large sweet green peppers, 1 tablespoon olive oil, 1 onion, 1 tablespoon minced parsley, 2 cups canned tomatoes, 1 bouillon cube, 1-2 cup boiling water, 2 teaspoons flour, 6 medium sized boiled potatoes, 4 tablespoons buttered bread crumbs.

Let fish soak in lukewarm water for more than cover for three hours. Drain and shred. Simmer over a low fire until tender. Drain. Put oil in frying pan, add onion, peeled and minced with parsley, and cook until onion is a pale straw color. Add peppers seeded and cut in shreds and tomatoes. Simmer 20 minutes and add bouillon cube dissolved in water. Stir flour to a smooth paste with a little cold water and stir into tomato mixture. Cook ten minutes, stirring constantly. Cut potatoes in thin slices and cover the bottom of a buttered baking dish. Add a layer of fish, cover with sauce and add another layer of potatoes. Continue layer for layer of potatoes, fish and sauce until all is used. Cover with buttered crumbs and bake thirty minutes in a moderately hot oven. Serve from baking dish.

Rosbrooks Surprised Honoring Birthday

A company of forty friends gathered at the home of Mr. and Mrs. Charles Rosbrook and completely surprised them Saturday night, it being Mr. Rosbrook's birthday. Five tables of five hundred were enjoyed, high prizes being won by Mrs. James Julian and Fred Hoberg and consolation prizes to Mrs. Emil Magnafaci and Charles Rosbrook. The party

Nelson Five Hundred Club in Meeting

Nelson Ill., March 26—The ladies of the Nelson Five Hundred club enjoyed a most pleasant meeting Wednesday afternoon at the home of Mrs. Wm. H. Ehredt. Progressive five hundred was played, after which prizes were awarded to the winners and loser of the card games. Mrs. Lawrence Coppotelli received high prize, Mrs. K. F. Seibolt won the second prize and Mrs. Monroe Hand of Tampico was given the consolation trophy. A most delicious two course luncheon was served by Mrs. Ehredt at the close of the afternoon.

Regional Meeting of Odd Fellows and Rebekahs Successful

The regional meeting of the Independent Order of Odd Fellows and Rebekahs, held in Rock Falls Saturday under the auspices of the Whiteside County I. O. O. F. Association, was a big success and by far one of the largest gatherings of its kind ever held in the state this year. More than three hundred members of the orders represented their respective home lodges at the afternoon sessions, which number was increased to over seven hundred at the open session in the evening.

Grand officers of the Grand Lodge of Illinois, and of the Rebekah State Assembly were the speakers, and headed the activities for the day. They were Grand Master J. Paul Kuhn of Batavia; Grand Instructor H. M. Blood of Chicago; Grand Secretary J. H. Sikes of Springfield; Grand Wardens Charles Vandettum of Onarga; Past Grand Master Dr. C. A. Robbins of Dixon; President Rebekah State Assembly, Mrs. Emma K. Robbins of Dixon; Assembly Vice President, Mrs. Iva Crowell of Rockford; Assembly Secretary Mrs. Mae Crowell of Rockford; Chief of Examiners, Mrs. Ida Sherman of Chicago.

Separate sessions of the Odd Fellows and Rebekahs were held in the afternoon, the Odd Fellows convening at 2 o'clock in the Merrill school auditorium, and the Rebekahs at 1:30 o'clock in the I. O. O. F. hall. A fine school of instruction was conducted for the Odd Fellows by H. M. Blood, grand instructor, followed by a special session of the Grand Lodge of Illinois at which Grand

Miss Jones and Mr. Boyce Marry

Miss Juanita Jones and Blaney Boyce, both of this city, were married Sunday afternoon at 5 o'clock at the home of Miss Jones, 224 Jefferson avenue. The ceremony was solemnized in the presence of a few intimate friends, by the Rev. E. C.

Williams, pastor of the Second Baptist church. The young couple were attended by Mr. and Mrs. Frank Richards. Both Mr. and Mrs. Boyce are popular young folks and have the best wishes of their many friends for a happy married life.

Life's Niceties

HINTS ON ETIQUET

1. Is it customary, after finishing with the services of a coach for a dramatic club, to do more than pay his or her salary?
2. How is it possible to tell one's breeding by the way she treats her social inferiors?
3. What attitude should be taught children in regard to servants?

The Answers

1. It is nice to send a note of appreciation, a book or other little gift.
2. The well-bred woman is more considerate than the ordinary woman.
3. Consideration, respect for their work and under no consideration should they bully them or be rude.

Master J. Paul Kuhn presided. At this session twenty-nine Odd Fellows took the past grand and grand lodge degree. The Swedish Olive Lodge of Moline conferred the third degree in a very impressive manner at 5 o'clock, when a special meeting of Advance Lodge No. 500 of Rock Falls was held, which concluded the afternoon session for the Odd Fellows.

The Rebekah School of Instruction was splendidly conducted by Mrs. Ida Sherman, Chief of Examiners. The hall was beautifully decorated for the session with potted palms and ferns and the Rebekah colors, pink and green.

A program of music and speaking under direction of Emma K. Robbins, the state president, followed the school, and was opened with a piano selection by Harry Fiedley, Jr. Short talks were given by the Assembly officers, after which Mrs. Lillian Fuhl of Rock Falls made a very nice presentation speech, and the state officers were remembered with gifts from Rock Falls lodge. During the presentation of gifts, the officers of Rock Falls lodge put on a pretty drill and Miss Pearl Wolber of Sterling sang an appropriate song. Mrs. Ella Kenner of Dixon, president and Mrs. Lillian Fuhl of Rock Falls, vice president of district No. 8, were also remembered with gifts from Rock Falls lodge, the presentations being made by Mrs. Belle Calligan, noble grand.

Supper was served to the members and visitors at the Congregational, Methodist and Christian churches between 5 and 7 o'clock.

WHICH TIME WAS HE RIGHT?

Four years ago Oscar Carlstrom, then candidate on Governor Small's ticket for Attorney General, stood on the platform of the Dixon Theater and told his audience that Governor Small was an honest man suffering under cruel and unjust persecution and that if he, Oscar Carlstrom, were elected Attorney General he proposed to immediately dismiss the indictments against the Governor. This speech was delivered with impassioned vigour and carried with it an impression of honesty and truth.

The other day the same Oscar Carlstrom, now Attorney General by grace of being on Len Small's ticket four years ago, stood on the same platform in the same theater in Dixon and talked to another large audience, with the same old time oratory. But this time General Carlstrom is on a different ticket. He would like to be Governor himself and he has turned against Governor Small. His bitter criticism of Governor Small in Dixon the other evening in no help to the ticket on which he is now running, in view of the speeches he made all over Illinois four years ago, when Governor Small was in no way different than he is today.

We do not criticize General Carlstrom for his ambition for higher office, nor do we blame him for deciding to run again for Attorney General when he found competition too keen in the race for Governor, but we submit that the force of his speech in Dixon last week rather flattens out when we remember that when he was a candidate on the Small ticket and felt he had something to gain by praising Governor Small he did so with enthusiasm and appeared to mean it.

Senator John Dailey is a candidate against Attorney General Carlstrom for the office of Attorney General. Senator Dailey has a long and brilliant record in public service in this state and his qualifications for that office are unattainable. Give your vote to Senator Dailey at the primary, April 10.

WARREN HAS GOOD RECORD.

Alvin Warren is meeting with encouragement throughout the district in his campaign for the Republican nomination for representative in this district.

Mr. Warren has been a resident of DeKalb county all his life, in fact he is living on the farm on which he was born, the Warren homestead, which was taken from the government 77 years ago by his grandfather, John Warren, who served in the war of 1812.

He has always been active in the political affairs and farming interests of his home community and county. His fine record as supervisor of Victor township for twenty-two years and his services as chairman of the DeKalb county board of supervisors during the last ten years of this period was a splendid example of his ability, honesty and fairness.

Loyalty to the people whom he represents was again exhibited in his work in the legislature in which he is now serving his first term. Being one of the most extensive farmers and live stock men in his district, he thoroughly understands the needs of the great agricultural section which he represents. The prosperity of this district is dependent largely on the success of the farmers. The Illinois agricultural association was particularly interested in many measures that were introduced in the last legislature. Never before has the I. A. A. put forth so great an effort in behalf of the farmers of Illinois as it did last year at Springfield. The I. A. A. in giving its report on the record of the members of the legislature records Mr. Warren as 100 per cent in the support of issues of importance to Illinois farmers.

One of the outstanding pieces of legislation opposed by Mr. Warren was the bonding measures, which paved the way for increased taxation on the already overburdened tax payers.

There's hardly what you'd call a bear chance these days in Wall Street.

They called Lindbergh "Lone Eagle." We suggest for the gentleman who aims to shoot himself to Venus in a rocket "the lone cuckoo."

After the Missouri legislature had appropriated \$10,000 to strengthen the sinking Missouri Memorial at Cheppy, France, the French contractor who had been awarded the job announced that his figures had been high and that he could do the work for \$7500. Just try to picture how far that man would go in the contracting business in America.

The Republican party seems to be a well-oiled machine.

The friendly baker said, "Somehow you look just like a baker now." And Clowdy said, "Oh, thank you! I am glad to look that way. This apron and this little cap make me a quite important chap. And now please let me bake a cake. I'll do just as you say."

They found an oven near at hand. The baker said, "This will be grand. And here's a pan that you can use to do your baking in. I'll promise you it will be fun, and when the cake you bake is done, I'll let you eat a piece of it." Course this made Clowdy grin. Then Clowdy said, "Well help him work, and not a one of us will shirk, but what's he going to make with? There is nothing I can see." The baker laughed and said, "Don't fret. All things we need we'll shortly get. I'll send you all an errand. You'll be busy as can be."

"Now, first of all, it seems that our real need is two big sacks of flour."

This cake is going to be real big, so we will need a lot. Just climb that near-by hill that's steep. You'll find the sacks are sound asleep, but if you wake them they will come along, as like as not."

The thought gave all the bunch a thrill, and all of them raced up the hill. "I don't see any sacks of flour," said Copy, in despair. "Oh, you are blind!" wee Carpy cried. "Perhaps you think they're trying to hide. If you will look behind that tree, you'll find that they are there."

And, sure enough, the merry crowd saw two large sacks, both snoring loud. Said Scouty, "When we wake them, I hope they don't make a fuss." And then he walked right up and cried, "Hey, open up your eyes real wide. Please wake up, both you sleepy-heads, and come along with us."

(The Tines go on another errand in the next story.)

Marye dear:
No doubt you don't know that Florence has been waiting a career. The stage, I think it is. After she got your letter she went straight to Betty and demanded that Betty move to her mother's house. Of course Clyde was at home—he isn't able to work yet—and he set down his foot and refused to do any such thing.

Then Florence tried to get her mother to go to Betty, but Mrs. Meredith wouldn't do it. Poor Florence came to me, crying about what she called a chance to make something of herself and being tied down here just because she didn't get married before Betty and Alan did.

She talked about taking her mother to the city with her, but she knows very well that the poor old lady couldn't stand being moved out of her home. I'm afraid it's hopeless for Florence if she really is in earnest about a career. But I honestly

Dixon Players to Get League Tryout

Two of the members of the Illinois Northern Utilities Company baseball team, champions of the Industrial League last season, have been asked to report for tryouts with league teams this spring. Ole Prestegard, twirler who hails from Lee in the east end of the county, has been offered a trial with the Bloomington club in the Three-I league and may report early next month to display his wares as a moundsman.

Steve Skelton, the fence busting slugger and backstop, has received an offer from the Rock Island club in the Mississippi Valley circuit and expects to report for a trial early in April. Steve's many friends anticipate that he will have no difficulty in convincing the Islander manager of his ability as a catcher and should prove a valuable asset to the hitting end of the club.

FARM AID BILL READY FOR VOTE OF LOWER HOUSE

Supporters Claim to Have
Votes Enough to
Pass Measure

Washington, March 27—(AP)—Farm relief as embodied in the McNary-Haugen bill today appeared to be embarked on another legislative voyage that promises to lead to the White House for the second consecutive year.

The measure, however, has been renovated since its last journey. After weeks of consideration, its sponsors claim to have eliminated, with the exception of the equalization fee machinery, practically all of the features that were objected to by President Coolidge in vetoing the bill's predecessor.

Assurance that such a trip again would be possible came late yesterday when the measure survived the last voting skirmish in the House Agriculture committee. With its committee approval by a 15 to 6 vote, it now stands in the House, as in the Senate, as the farm bill endorsed by the majority of both the agriculture committees of Congress.

Claims Its Passage
Supporters of the bill predict that they can muster the necessary votes to send the measure to the White House and so far none of its opponents have denied their claims.

While House leaders have not definitely announced when the bill will be called up on the floor, it is expected that it will get the legislative right of way about the middle of April.

Chairman Haugen has described the new measure as the "best farm bill ever reported to Congress" and Representative Purnell of Indiana, ranking Republican on the House Agriculture committee, has declared that all features, except the fee, to which Mr. Coolidge objects, have been removed, and that steps even have been taken to make the fee machinery less offensive to the administration.

House Boosts Loan
The bill would authorize an appropriation of \$400,000,000 for loans to cooperatives through a Federal Farm Board while the measure as drafted by Chairman McNary of the Senate committee, and endorsed by that body,

would authorize a loan of only \$250,000,000.

Haugen has announced that this difference constitutes the major difference in the two bills, as the House measure was changed in several respects to conform with the Senate proposal.

Both bills would give the President a free hand in selecting the membership of the proposed board except for the constitutional requirement that nominations must be approved by the Senate.

Again, both bills would apply to all agricultural commodities, thereby removing another objection to the 1927 measure which covered only wheat, corn, cotton, tobacco, rice and swine.

DISTURBING NIGHT COUGH QUICKLY STOPPED.

"A distressing cough and irritated throat kept me miserably awake at night and prevented others from sleeping. Foley's Honey and Tar Compound quickly comforted and relieved me. Helped my neighbors over 'flu' coughs, too. Feel I must tell you about it," says H. C. P. Sailors Snug Harbor, N. Y. Wonderfully soothing and healing. Bland to the tender throat of a child, effective in stopping the stubborn coughs of grown persons. Sold everywhere.—Adv.

HOME OF SENATOR DENEEN BOMBED; JUDGE IS TARGET

(Continued from page 1)

tute an investigation of his own. Under Illinois law Carlstrom has power to supersede the State's Attorney, who is Robert E. Crowe, a leader in that republican faction opposing the Deneen group.

Judge Swanson and State's Attorney Crowe are seeking nomination for the office Crowe now holds. The election is two weeks from today.

The bombing occurred on the night when both sides had begun their final drive for votes by concentrating the campaigns in Chicago.

Returning from Rally
Judge Swanson was returning from a political meeting in which he had scored State's Attorney Crowe for what he called deplorable crime conditions when the bomb was thrown at his car. His daughter and son-in-law and their two small children were in the house when the explosion occurred.

Judge Swanson blamed the bomb-

ings on "conditions as they exist in Chicago."

"Law enforcement has been completely broken down," he said. "Crooks and criminals are coddled and given free reign. One can only expect what happened last night."

His republican opponent for nomination, State's Attorney Crowe, said he was satisfied that the bombings were done "by leaders in the Deneen forces and X X X done mainly to discredit Mayor Thompson and myself."

Began Jan. 26
The "political bombings" began January 26 when "pineapples" were exploded almost simultaneously at the homes of City Comptroller Fitzmorris and Dr. W. F. Reid, Thompson ally.

February 18 a bomb did much damage to the undertaking establishment and living quarters of Municipal Judge John A. Sbarbaro.

Two days later a bomb exploded at the apartment house home of Lawrence Cuneo, personal secretary of State's Attorney Crowe.

The Senator Deneen-Judge Swanson bombings last night marked the first use of bombs against members of the group opposing the Thompson-Crowe faction.

Police Commissioner Michael Hughes and his chief deputies took personal charge of the investigation. A government operative also called at the home of Judge Swanson during

the early morning hours, indicating government interest.

Police believed two separate groups of bombers were involved. The distance between the Deneen and Swanson homes is slightly more than three miles.

Damage About \$1,000

Ashley Deneen, son of the senator, took charge of the investigation for the family. He estimated the damage at about \$1,000. It was not that much at the home of Judge Swanson.

Aside from the political aspect, police pointed out that the bombing of Senator Deneen's home may have been in revenge for recent prohibition enforcement in Chicago by federal agents and for which Senator Deneen has been held responsible.

During the past two months police guards have been stationed at various times at the homes of many prominent Chicago political figures following threats against them. The apartment hotel in which Mayor Thompson lives has been kept under constant surveillance.

National Guard of Illinois too Big

Springfield, Ill., March 26—(AP)—Because the Illinois National Guard has too many recruits, Adjutant General Carlos E. Black today ordered commanders of all units to reduce their strength by March 31.

The maximum allocated strength of the state's military forces is 9,426 men, but on February 29, the I. N. G.'s roster showed 9,639 men.

While General Black believes this showing "speaks in volumes for the work of the commanding officers" it is necessary to comply with regulations and reduce the strength he said. Commanding officers were advised to take this opportunity to clean out the "dead wood."

Lexington Scraped Sides of Big Canal

Balboa Canal Zone, March 26—(AP)—Damaged locks and the scrap sides of the U. S. S. Lexington today testified to the difficulty the giant aircraft carrier had in passing through the Panama Canal.

A high wind blowing at the time of the journey yesterday made the handling of the big vessel difficult.

Three heavy concrete lamp posts were torn down as the ship passed through the three chambers of the Gatun Locks at the Atlantic end of the canal. As she started down to the Pacific at the Pedro Miguel lock another lamp post was demolished and a heavy steel handrail running along the top of the lock crushed.

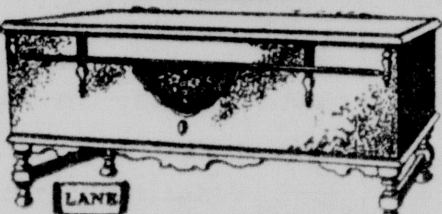

The ship, which is 106 feet across at its widest point and 888 feet long, had a narrow margin of clearance and was scraped. The locks are 110 feet wide and 1,000 feet long.

ROCHELLE NEWS

Rochelle—The Caron Spinning Company through Ovidas J. Caron, president, announce that they will build starting April 1, a new 80x70 foot brick two story addition to their mill here, which will enable them to employ fifty additional employees. As the bids have not been opened the successful contractor has not been determined and of course the award will govern the price. The new addition will house the Morgan Dye works now located in the main plant of the spinning company.

To better serve the south side residents and the mill property the City of Rochelle announces a \$15,000 water main extension plan. The city engineer, Charles Lathrop, has been instructed to begin work of surveying the proposed main extension at once. It is understood work will be rushed to completion to afford the growing institution ample fire protection.

The state convention of the Daughters of the American Revolution will be held at Bloomington, March 28, 29 and 30. The Regent, Mrs. A. B. Sheadie expects to attend. Mrs. A. A. A THOUGHT FOR TODAY

FELLOWSHIP OF PRAYER

The Irresistible Life. (Read John 12: 24-32.) Memory Verse: I if I be lifted from the earth, will draw all men unto me. (John 12:32).

This is John's way of saying that Jesus was irresistible. There is in that life a power to draw and lift men up that is to be found nowhere else.

There is no power comparable to the attractive power of a beautiful life. It lifts one up as the sun lifts up the sea. It is an unanswerable argument for good. Recall Browning's "Luria." The military leader, maligned by jealous rivals, went his noble way. By his dignity and purity of conduct he slowly disarmed his critics and changed them into admirers, until at his tragic death Tiburio says, "Keep but God's model safe, New men will rise to take its mold."

If we lift Christ up before us, He will lift us up.

Prayer: Grant, we beseech thee, that Jesus Christ, our hope of glory, may be formed in us, in all humility, meekness, patience, and surrender of our souls and bodies to thy holy will. Conduct us safely through life's changing conditions. Keep us faithful to truth and beauty that we may be clothed in thy garments. In the name of Jesus. Amen.

The race is not to the swift, nor

the battle to the strong.—Ecc. 9:11

Victory, with advantage, is rather robbed than purchased.—Sir P. Sidney.

Mrs. Yohn's Report Of Much Interest

Report of Women's Department for month of January, 1928, as compared to January 1927.

Several interested people of the women's department of the Y. M. C. A. have been wondering where the reports of the department are—there was much interest in these reports last year as they appeared from time to time in the Telegraph.

Mrs. Yohn, the director of the work, submits the following report to show the increase of the department: as far as memberships, attendance and classes are concerned.

The department is divided into five classes: Junior girls, Senior girls, Advanced women, beginners class for women and game periods.

In 1927 there were fifteen girl memberships and thirty-five active women's memberships. This year 1928 at the present time there are:

Junior girls—33 registered, 30 active.
Senior girls—11 registered, 11 active.
Advanced Women—35 registered, 30 active.

Beginners for women—53 registered, 39 active.

The number of periods and total attendance is as follows:

Junior Girls	Sessions	Attendance
Calisthenics	4	110
Games	4	79
Swimming	4	84
Senior Girls		
Calisthenics	4	39
Games	4	18
Swimming	4	17
Advanced women		
Calisthenics	4	58
Swimming	4	27
Beginners Women Class		
Calisthenics	4	78
Swimming	4	19

Total attendance for one month 528.
The average individual attendance each week is about 70 women and girls.

Sterling and Mt. Morris girls have been using the pool considerably more than they did last year.

At the present time the bowling alleys are being used by both women and girls—the average weekly attendance being about fifteen.

There is an increase of 292 in at-

tendance for this year's monthly report of January as compared to January 1927—attendance of 236.

It is not wise to judge ones work by comparison of figures. But this increase will prove to the women and girls of Dixon that such activities as offered by this department are becoming popular and it's worth is being fully realized by all participants.

Mrs. Coolidge Finds Mother Much Better

Northampton, Mass., March 27—(AP)—Mrs. Grace Goodhue Coolidge, wife of the president, spent half an hour at the bedside of her aged mother, Mrs. Lemira Goodhue, early today, after a hasty trip from Washington.

She had been summoned in the belief that Mrs. Goodhue's long illness had reached a critical stage and she might not live for more than a few hours, but when Mrs. Coolidge arrived it was to hear the cheering news that her mother had rallied.

It was Mrs. Coolidge's third visit here within a month. She was accompanied by Lieut. Commander Joel T. Boone, the White House physician; Mrs. R. B. Hills, a girlhood friend; John Coolidge, her son; and Jack Hill, an Amherst College friend of John's.

Hospital attaches said Mrs. Goodhue seemed to have enjoyed the visit. Dr. Hayes described his patient's condition as unchanged.

Mrs. Heritage on Program Friday Eve

An evening's entertainment of songs and stories, will be given by Mrs. George C. Heritage of Chicago, under the auspices of the W. R. C. on Friday evening at the Baptist church in this city.

Mrs. Heritage, wife of one of the professors at the Dixon Business College, and herself an instructor in voice and dramatic readings, in the institution, is well and favorably known in this city. She has spent much time in selecting the stories and songs comprising her program and weaves them into a most enjoyable entertainment, which she

has presented many times in Chicago and other cities for Women's clubs and churches, receiving the highest praise and commendation.

W. R. C. Meeting on Monday Afternoon

Dixon Woman's Relief Corps No. 218, Auxiliary to the Grand Army of the Republic held its regular meeting Monday afternoon in Grand Army hall.

The business of the Corps was transacted and many announcements were made. Comrades Johnson and Bremer were present and each gave a talk concerning the entertaining of the Old Soldiers and Sailors at the annual reunion. They stated that the request had been made for it to be held in Dixon this year. Arrangements will be made and announced in the near future.

Grand Army Day will be observed April 11. Dinner will be served in the G. A. R. hall at six o'clock for members of the G. A. R. and the Woman's Relief Corps. Any information concerning the menu members will please call Mrs. Lebre, telephone number W1049.

Mrs. Albertine McKinney called the attention to members concerning the lecture to be given Friday evening at the Baptist Church by Mrs. Geo. Heritage, the subject being "Song Stories." She will be assisted by Allan Read and Katherine Ballou. Mrs. Heritage has many friends in Dixon who no doubt will be pleased of the opportunity to hear her. She has given these lectures to many Woman's Clubs throughout the state. Full particulars will be given in The Telegraph later.

MRS. YOHN IS NOW MUCH IMPROVED

IF WOMEN PROPOSED TO MEN

By Olive Roberts Barton

Will it ever come to pass that a woman will feel entirely within her rights in making a proposal of marriage to a man?

We hear that some women do. In-

deed I believe there have been sporadic cases of reversed courtship all through history. We may go still further and quote certain authorities as saying that women do and always have done the courting.

Very well, you may lead a horse to water but you cannot make him drink. Courtship and marriage are two different things entirely. Girls may woo to their heart's content, but when it comes to saying, "Will you be mine?" had you a dollar for every girl who has taken advantage of leap year to date, it is safe to say that you would still lack enough to buy a ticket to the Folies.

Will the day of equal privilege ever come to pass? Until it does there isn't the slightest use of pretending that women is man's equal, for upon that privilege hangs the entire structure of her independence. We have set aside squeamish ideas of feminine propriety in other things, why not this? As long as woman was a chattel and a dependent it was perhaps natural that the male should use his prerogative of making the first advance toward union, or what he had reserved as his prerogative through centuries of custom.

But now when marriage has become a recognized partnership and a wife is less of a social and economic de-

pendent every year of history, why not make the approach to a partnership possible to all parties concerned.

Such a change must be made by custom. It cannot be accomplished by an amendment to the Constitution. But one may make a fairly good guess that assembled guests at a wedding in 2028 will most likely be wondering whether John proposed to Mary or Mary to John.

And won't it be a great deal better than some of the social experiments we are hearing about every day?

CHINA MAKES PROGRESS IN AIR COMMUNICATION

Washington—(AP)—China, long a laggard in the development of communications, has made rapid strides recently in the establishment of a radio-telegraph system.

Julian Arnold, commercial attaché at Peking, reports to the Department of Commerce that the Nationalist government has installed stations in 16 cities in the territory it rules. A year ago the Nationalist government had no radio stations, the first being installed last June in Nanking by General Chiang Kai Shek for military communications.

Commercial radiograms are accepted now by the network under the control of the Nationalist government

and charged for at the same rate as fourth class telegrams transmitted by the Chinese Telegraph Administration. All the stations except one operate on short wave lengths. Each station has from three to eight operators.

CARLSTROM MADE BUTT OF ATTACK IN CHICAGO MEET

Strange Policies of the Attorney General are Shown Up

Chicago, Mar. 27.—As many loop workers as could jam themselves into the Olympic Theater yesterday noon witnessed the ripping of the lid off the primary election campaign, which ends two weeks from today.

Behind the scenes maneuvers which were known only to a few at political headquarters were for the first time told in public.

Threat of Indictment.

Mayor Thompson made what was probably the most sensational of the charges. Speaking at the moment, in behalf of the candidacy of State Senator John Dailey of Peoria for attorney general, he said:

"Attorney General Carlstrom sent his assistant, Harry Ash, to order us to mark our ballots for him under threat of calling a grand jury to try and indict the mayor. State's Attorney Crowe, the sanitary district trustees and a lot of others.

"We sent word back that he should go to blazes, that we will mark our ballots for a real attorney general.

"Frank Smith's opponent for the Senate, Glenn, was one of counsel in a case thrown out of court by Judge Davis because, the judge said from the bench, attempts had been made to bribe the jury."

Strange Bedfellows.

Senator Dailey tossed the next thriller.

"Politics, has has been said, makes strange bedfellows," he opened. "One of the strangest, however, is the companionship of Secretary of State Emmerson and Attorney General Carlstrom.

Changes His Mind.

"Not so long ago Carlstrom charged in court that Emmerson used automobile license fees illegally to promote a merger of two banks in Springfield. He accused him of withholding from the state the interest on the license fee deposits. Now we find him with his arm around Emmerson and saying the state must have Emmerson to insure good government.

"How much can his word be believed? Nearly a year ago he told me he would not be a candidate for attorney general again. I informed him that I then would seek the office.

"All right," he said, as he put his hands on his shoulder. "You now are looking at the next governor." He declared his candidacy for governor and I declared mine for attorney general.

"As attorney general I will not peddle barter or huckster the power and dignity of this high office. I will endeavor to make it all that it means, all that it should be, under the constitution of the state of Illinois."

Smith is Applauded.

United States Senator-designate

They Saved Snow-Bound Town

Starvation of several hundred people in snow-bound village of Detour, Mich., was averted after 17 days of isolation when a government airplane reached it with half a ton of mail and provisions. Top picture shows Lieutenants Sopher and Roscoe with the snowshoes they would have needed in case of a forced landing. Right is Postmaster Snell, who requested the flight. Below is the army transport plane, equipped with skis, as it was ready to take off from the ice at Sault Ste. Marie for the famine-threatened village. Food supplies were practically exhausted when the plane reached Detour.

Smith was given an ovation upon the completion of his speech.

"I was regularly nominated and elected to the Senate by the people of this state," he said. "I was denied my seat through the efforts of a number of presidential aspirants who decided to 'ride' me in their mad rush for nationwide advertising.

"If campaign contributions received by present members of that body were used as a test of their qualifications, so many of them would be ousted that a quorum would not be left to transact the business of this country.

"Speaking of business, is it not high time that the Senate got down to business and promote the welfare of the people, instead of making use-

less investigations and conducting unwarranted trials?

"My fight is your fight. If you want the Senate to say who shall represent you, vote for Glenn. If you want to determine for yourselves who your representative shall be, vote for me."

Governor Smith joined the other candidates on the state ticket in a noon meeting held today in the Four Cohans Theater. Mayor Thompson, however, spoke in his behalf.

Praise for Governor.

"Governor Small saved Chicago from being financially bankrupt as a result of the Democratic administration of the city's affairs," he said. "He has done more to speed the completion of the lakes-to-the-gulf

HEALTH & DIET ADVICE
By Dr. Frank McCoy
"The Fast Way to Health"
QUESTIONS IN REGARD TO HEALTH & DIET WILL BE ANSWERED BY DR. MCCOY WHO CAN BE ADDRESSED IN CASE OF THIS PAPER. ENCLOSE STAMPED ADDRESS ENVELOPE FOR REPLY.

Editors Note—Use this service in connection with the help of your personal physician.)

A NEW HEALTH SERVICE

This is the first of a series of health articles which I am preparing each day for the readers of The Telegraph.

In these articles I will explain to you my theories of the Cause and Cure of disease, especially emphasizing the value of scientific dietetics, physical culture and the cultivation of a healthy mental attitude. Every effort will be made to present these subjects to you in an understandable language with all technical phraseology and medical terms eliminated. I want you to feel a close personal contact with this Health Department and I know you will soon realize that we are giving you a different kind of health service from anything you have read before.

The causes of the different common ailments will be explained, and the remedies suggested, you will be able to get in any grocery store. Of course, no serious attempt can be made, in these articles, to teach you to diagnose any serious disease. This can only be done properly by your physician who

can examine you physically and who can make, in his laboratory, all of the scientific tests necessary to arrive at a correct diagnosis.

The object of this department is to teach you how to stay well but in many cases you will find that the information given here will be the means of restoring you to health when other methods have failed.

The new science of dietotherapy is revolutionizing the practice of medicine. There is no reason why the masses of the people should not be given the valuable truths of scientific dietetics. I want to make these articles as instructive as possible and hope you will study them each day, missing a single lesson. These subjects will be varied from day to day in order to make the most interesting to the largest number of readers. It will be necessary for you to read the articles daily so you will not miss the subjects you are most interested in.

Dr. McCoy will gladly answer personal questions on health and diet, addressed to him, care of The Telegraph.

Enclose a stamped addressed envelope for reply.

Tomorrow's subject will be "How Diet Cures."

Weekly Review of Agriculture by Farmers Paper

Springfield, Ill. —(AP)—A sharp decline in prices of heavy steers in the last two weeks with steady to slightly lower prices of light yearlings has almost completely erased the premium on mature cattle which featured the market for several months, according to the weekly review of market conditions issued by Prairie Farmer today.

Choice cattle weighing over 1,500 pounds are \$1.50 or more lower than two weeks ago. Cows and heifers have declined 25 to 50 cents and veal calves are sharply lower. Lower prices for fat cattle and higher prices for corn have checked the demand for stocker and feeders.

Early in the last week, hog prices gave signs of getting out of the rut in which they have been working since the first of the year but have slid back into it again. The Chicago top on light hogs reached \$8.75, the highest since early January. Receipts are not dropping off as rapidly as

usual at this time of the year. A liberal run during the spring and early summer is in prospect.

Receipts of lambs in the last two weeks were the lightest in several months, barring holiday periods, and prices have held close to the high point for the winter, with the Chicago top at \$16.75. The number of lambs on feed January 1, in the principal feeding states was estimated at about 450,000 heads more than a year previous.

Seaboard wool markets continue firm with Ohio quarter and three-eighths blood wools quoted at 52 cents, grease basis, in Boston, half

blood at 50 to 51 cents, and Delaines as 50 cents.

The upward trend in wheat prices has made no further progress in the last ten days, although values remain close to the high point of the winter. While total supplies of wheat remaining in the United States are liberal, high protein grades and all grades of soft red winter wheat are scarce and give a firm undertone to the cash market. Primary receipts are running slightly larger than at this time a year ago. The normal tendency is for the market to lose ground during the next month or six weeks, although this year the progress of the new crop is being watched.

Corn prices have advanced to a new high point for the season, largely owing to reports of better export demand. Primary receipts showed another spurt early in March but they have declined about 50 percent in the last few days. It is probable that stocks will begin to diminish soon since farmers will be busy with field work and unable to mark deliveries while demand should remain rather active from feeders and industries.

The egg market shows signs of stabilizing at prices which average fully three cents a dozen higher than at the corresponding period a year ago. Receipts at the leading markets are steadily gaining, as production in midwestern states increases. So far supplies have been well absorbed.

Butter became firm after settling back from the high point of a year ago. Receipts failed to increase, indicating the production is fairly stabilized. The adjustment of prices to a new basis may not come until the approach of the grass season.

VISIBLE GRAIN SUPPLY

New York, March 27.—(AP)—The visible supply of American grain shows the following changes in bushels:

Wheat decreased 637,000. Corn decreased 1,389,000. Oats decreased 700,000. Rye increased 330,000. Barley increased 441,000.

HALDANE

Haldane—Funeral services for Mrs. Julia Garber Brantner, whose death and obituary were published in last week's paper, were held last Wednesday afternoon at the West Branch Church of the Brethren. A large crowd of sorrowing relatives and friends had gathered to pay their last respects to one who had lived so long in this community. The Ladies' Aid, of which Mrs. Brantner was the beloved president, attended the services in a body. Rev. S. S. Plum and Clint Stouffer conducted the services. Burial was made in the West Branch cemetery. The following neighbors acted as pall-bearers: William Plum, Frank Sensenbaugh, D. Z. Osbaugh, John Plum, B. F. Miller and Mandes Walb.

Arthur Kitzmiller spent Tuesday in Freeport where he visited Al Haupt who is a patient at the Deaconess hospital.

Mr. and Mrs. Mahlon Wessner of Sterling, Mr. and Mrs. Burdett Meyers and daughter Lois, Misses Kate Zellars and Catherine Miller of Mt. Morris were among those who were Sunday company of Mrs. Mary A. Binkley. Miss Zellars who is Mrs. Binkley's sister, remained for a longer visit. Mr. and Mrs. Howard Stouffer and family of Milledgeville, Mr. and Mrs. Arthur Ruble of Brookville, Mr. and Mrs. Ray Stouffer were Sunday guests of Mr. and Mrs. Uriah Stouffer and Miss Helen Mosteller.

Don't forget the services at the Haldane church every Sunday evening. A cordial welcome is given you. Mark Burner has charge of the services and his next sermon will be, "Faithful Until Death." Come.

Miss Marie Korf went to Forreston Saturday to spend a few days with her parents, Mr. and Mrs. Fred Korf.

Mrs. Martha Hedrick and daughter, Mrs. C. E. Bamborough of Polo visited the Haldane school Wednesday afternoon.

Amos and L. F. Rowland were business callers in Freeport Thursday.

Joe and Miss Vera Smith of Savannah enjoyed spending the week end at the home of their grandfather, Edward Smith.

Misses Ada Stover, Lola Miller, Bernice Fry and Melba and Marian Binkley spent Saturday night and Sunday at the home of Mr. and Mrs. Ben Beard near Forreston. Mr. and Mrs. Fred Krum and three children and Miss Coral Appel spent Sunday afternoon in the same home.

Mr. and Mrs. Amos Rowland were given a pleasant surprise Sunday by a number of relatives in honor of their 30th wedding anniversary which was March 23. The affair had been carefully planned and it took Mr. and Mrs. Rowland some time to recover from the "shock" but after they did the guests were given a cordial welcome. Many baskets and boxes were brought by the company and a most delicious picnic dinner was enjoyed. In remembrance of the happy occasion the bride and groom of thirty years was presented with a beautiful bridge

lamp from the following guests: Mr. and Mrs. Ray Bookman and family of Freeport; Mr. and Mrs. Sam Good and granddaughter Evelyn Kendall of Oregon; Mr. and Mrs. Ben Good, Mrs. Archie Stoner, Mr. and Mrs. James Lang, Jr., and family, Mr. and Mrs. Alfred Heintzelman and family of Polo, Clarence Good and lady friend of Dixon, Mr. and Mrs. Lester Poper and son Richard of Amboy, Harold Good of Forreston, Mr. and Mrs. Charles Good, Ruth Good, L. F. Rowland, Mr. and Mrs. Joe Rowland and daughter, Irma, John Inzor and Sam Newcomer.

Miss Manon Frei and her pupils of the Springvale school are preparing a fine program which will be given Friday evening, March 30 at the school. Mrs. Sarah Kitzmiller and daughter, Mabel, Mr. and Mrs. William Cordell, Mrs. D. Z. Osbaugh, Mrs. George Long, Sr., and Mrs. Uriah Stouffer were visitors during the past week at the home of Mrs. Mary A. Binkley.

Mrs. J. B. Yohn and daughter Miss Mary Zeigler motored to Freeport Saturday where Mrs. Yohn is receiving treatments at the office of Dr. Snyder.

Mr. and Mrs. Howard Harmon and sons and Mr. and Mrs. Myrtle Binkley and children were Sunday company of the ladies parents, Mr. and Mrs. Theodore Becker, Sr., in Forreston.

Mrs. Will Metzner of Maryland spent Friday afternoon at the home of her cousin, Mrs. Fred Krum.

Mr. and Mrs. D. Z. Osbaugh, Mr. and Mrs. Jess Osbaugh and Mrs. David Pope and daughter Dorothy, motored to Davenport, Iowa, Thursday. Mr. Osbaugh purchased ready cut lumber for a house which will be erected on the farm occupied by Jess and family to replace the one destroyed by fire several weeks ago. While in Davenport they visited broadcasting station WOC.

Mrs. W. T. Conrad spent the week end at the home of her sister, Mrs. Dale Rae.

Paul Fegan and Miss Marie Long were united in marriage March 21st in Polo by Rev. Bair. In the evening the bride's parents Mr. and Mrs. O. C. A. Long, entertained at a six o'clock dinner in honor of Mr. and Mrs. Fegan, the following guests: Mr. and Mrs. Leslie Long, daughters, Lucille and Ethel, Mr. and Mrs. H. C. Beuhke and Lewis Petrie.

Mrs. Amos Rowland spent one afternoon last week with her niece, Mrs. John Martz.

Mrs. B. F. Miller has been reported as being very ill with pneumonia. Mrs. W. H. Fairbanks, R. N. is caring for her.

A young man who gave his name as Bill Harley received a broken arm and other bruises last Friday afternoon in Haldane when he attempted to jump a rapidly moving freight train. In some manner he slipped and it was

a miracle that he was not killed. Charles Good took him to Forreston where a doctor set the broken bones and then Mr. Good took him to Freeport where he entered St. Francis hospital for further treatment.

Mr. and Mrs. John Farsden and family of Clinton, Wis., H. A. Haussman of Janesville, Wis., Mr. and Mrs. Charlie Timmer of Forreston, Mr. and Mrs. Clint Harmon and son Leslie and Amos Harmon were Sunday guests of Mr. and Mrs. Reub Harmon.

Mrs. Jennie Elliott and Mrs. Mollie Fahrney of Oregon visited over Sunday at the home of their niece, Mrs. Ethel Stover.

Mrs. Emma Cross and daughter, Mrs. John Stuck, Jr., of Polo were Friday company of Miss Jennie Ireland. Leonard Appel of Mt. Morris was a Sunday visitor at the home of his uncle Fred Appel.

Lincoln township election will be held at the Haldane Hall next Tuesday, April 3. The following are to be elected for full term: town clerk, highway commissioner, school trustee, assessor, justice of the peace and to fill a vacancy, one school trustee.

There are two men seeking the office of highway commissioner. William Cordell who has had the job for eight years is up for re-election, and R. C. Rabenburg is the other name to be found on the ticket.

Imus Twiggs and W. T. Conrad spent the week end in Chicago at the home of Attorney James McDowell.

"The Three Bears" an operetta which will be given here April 12 by a group of young girls under the direction of Miss Irma Rowland. More about this musical treat later in these items.

Mr. and Mrs. David Pope visited John DeVries at the Deaconess hospital in Freeport Sunday.

Mr. and Mrs. Ralph Kitzmiller of Shannon visited Wednesday with his brother Scott Kitzmiller.

Mrs. H. A. Hopkins of Kappa was a Thursday guest of her daughter, Mrs. Joe Rowland and family.

Mr. and Mrs. Earl Buss and daughter Betty were supper guests Thursday evening of Mr. and Mrs. John Huffman in Polo.

Henry Beuke was a business caller in Freeport Thursday.

O. O. Hedrick of Woonung spent from Tuesday until Friday with relatives here. He also assisted Scott Kitzmiller shingle the summer kitchen and other carpenter work.

Flames from a brooder stove set fire to a sack of feed in Jess Osbaugh's chicken house Friday afternoon. The fire was discovered in time to save

the building but 147 of the 150 little chickens were killed by the smoke. Mr. Osbaugh had just purchased the chickens in Polo Thursday night and only 3 were saved.

Large crowd gathered in Haldane Friday to attend the big combination sale. Fred Krum was auctioneer and Joe Rowland clerked the sale.

Dr. Donaldson of Polo was called to the Dale Rae home Wednesday by the illness of Mrs. Rae's mother, Mrs. Charlotte Meinzer.

JORDAN JOTTINGS

Jordan—Henry Voltz recently cut all the trees and underbrush out of the fences around his farm which is a big improvement.

Prominent Face-Powder Maker Tells His Secret!

Every woman should know this— that no one face powder blends with all types of skin. So, Stillman, a famous maker of face powder, has made two kinds. One, called "Stillman Oriental," is preferred by women with normal or excessively dry skin. The other, "Stillman Bouquet," is wonderful for those whose faces

have a tendency towards oiliness. One of these two powders will blend perfectly with your type of skin. If your skin is normal or dry, you need "Oriental." If your skin is oily, "Stillman Bouquet." You may obtain a beautiful boudoir box of either powder at your toilet counter for one dollar. Classify your complexion, then ask for the powder to match it. You'll wonder why someone never thought of this new face powder idea before.

OBITUARY

PETER FRANCIS HAMILL.

(Contributed)

Peter Francis Hamill was born in Dixon November 5, 1858 and passed to his eternal rest March 21 at 11 a. m. He was the son of Anna Marie and Patrick Hamill of Dixon, and was united in marriage to Elizabeth Fagan, May 5, 1884. To this union was born four children, Mary Josephine, Joseph William, Irene Elizabeth and Edwin Francis. Joseph William preceded him in death eleven years ago. Besides his wife, three children and five grandchildren, he leaves to mourn his passing one brother Patrick J., of Carroll, Iowa.

The deceased was stricken with apoplexy March 19 and died three and one-half days later, departing to his eternal rest March 21, 1928 at the age of 69 years, four months and 16 days. He was a kind and loving husband and father, always patient and thoughtful of his loved ones and many friends will mourn his passing. Those attending the funeral from out-of-town were: Mrs. Helen Williams of Chicago, Mrs. Clyde Scott of Rock Falls, Mrs. John Harshman, Mrs. Catherine O'Rourke, Mr. and Mrs. Ed Fagan of Sterling and William Fagan of Harmon.

SAYS RADIO FANS DON'T

REMEMBER CALL LETTERS

Washington—(AP)—Few radio fans know the call letters of many stations.

A business man of Newark, N. J., who is a radio enthusiast, has written the Federal Radio Commission that only three of 42 listeners questioned by him could name 10 or more of the 50 broadcasting stations in the metropolitan area of New York.

The fan said he presented the question, "How many metropolitan stations can you name?" to the people who own good radio sets and who are not connected with any phase of the radio industry. The majority could name seven or eight. Eleven persons could name but five and two persons only four stations.

LETTER GOLF

NAGGING GOLFERS

Polo is merely cavalry golf, so there isn't much difference, even in letter golf, between GOLF and POLO. In fact, it's a par four. One solution is on page 11.

G	O	L	F
P	O	L	O

THE RULES

- 1.—The idea of letter golf is to change one word to another and do it in par, a given number of strokes. Thus to change COW to HEN, in three strokes, COW, HOW, HEW, HEN.
 - 2.—You can change only one letter at a time.
 - 3.—You must have a complete word, of common usage, for each pump. Slang words and abbreviations don't count.
 - 4.—The order of letters cannot be changed.
- One solution is printed on page 11.

Mexican Bandits Sought by Troops

Mexico City, March 26 — (AP)—Strong guards of troops patrolled one of Mexico's chief highways today while others scoured the foothills for a band of highwaymen who on Saturday held up four automobiles and eleven automobile buses, robbing about 200 persons.

Because Dwight W. Morrow, American ambassador, was scheduled to pass along the road at the time of the robbery, the affair was held in some quarters to be an attempt on the part of insurgents to embarrass the Mexican government.

Mr. Morrow was traveling along the road which leads from Puebla to Mexico City and arrived at the point 25 miles from the capital where the robbery occurred three hours after the robbers had scattered.

Mr. Morrow's party included Genaro Estrada, acting Foreign Minister, and was behind schedule. Witnesses asserted the members of the band shouted "Viva Christo, Rey," the slogan of the Catholic insurgent movement.

About fifty men held up the automobiles and buses methodically stripping the occupants of valuables. While the holdup was in progress a pay-car carrying \$50,000 suddenly appeared. The driver realizing what was happening, swung his car around and headed for Mexico City. The highwaymen fired at the machine, wounding two occupants and drilling a bullet hole through the gasoline tank, but it escaped. The robbers then fled.

Says Klan Collected Large Sums in Ohio

Indianapolis, Ind., March 26 — (AP)—Approximately \$10,000,000 has been collected by the Knights of the Ku Klux Klan organization in Ohio since it entered that state. J. R. Ramsey of Gratiot, Wis., testified in a deposition made here today before Attorney General Arthur L. Gilliom, who has brought suit to oust the Klan from Indiana.

Ramsay said he entered the Klan at Springfield, Ohio, and at one time was Commander of the Night Riders of Ohio.

Ramsay told Gilliom that the Night Riders of Ohio was an organization made up of Klansmen. He said he no longer was a member of the Klan.

Identifying panoramic photographs taken at a state meeting of the Ohio Klan at Buckeye Lake, Ohio, August 29 and 30, 1925, Ramsay pointed out some men who he said were in national guard uniform and comprised a part of the bodyguard for Imperial Wizard Hiram W. Evans, who was present on that occasion. Some were members of the Akron Field Artillery and others were from the 147th infantry, located at Cincinnati, according to the witness.

Ohio National Guardsmen wore Ku Klux Klan uniforms at a parade in September, 1926, Ramsay also testified. He did not say where the parade was held.

At the peak the Klan membership in Ohio was better than 400,000, Ramsay testified.

Journey to Moon Aim of Scientist

Paris—(AP)—A trip to Mars or the moon at 30,000 miles a minute is being discussed again.

The day for the start is still in the indefinite future, but Robert Esnault-Pelterie says it's coming, and prominent scientists don't disagree with him.

Esnault-Pelterie, inventor of the airplane's broomstick control, and Andre Hirsch have founded an annual prize of \$200 to be awarded for the invention or discovery contributing most to the ultimate goal of air tours about the universe.

This fantastic plan was presented recently by Esnault-Pelterie to the newly formed committee of scientists who will make the awards.

Atomic power, of which little is known, is regarded by Esnault-Pelterie as a vital field, for he thinks the release of such energy will solve the problem of how to propel an airplane up in the air beyond the power of the earth's attraction. Once out of that range, he believes, the resistance would be so slight as to make possible speed a hundred times as great as is yet possible with anything in which we can travel.

Lindbergh Has Happy Hour With Committee

Washington, March 26—(AP)—Colonel Lindbergh found himself in his element today when he appeared before a House committee to give his opinions on the air mail service. It was his second appearance before a Congressional committee within a week.

Hailing at the Capitol on his way to Bolling Field for his daily flying, the New York-to-Paris flier endorsed the Swing bill to extend the franking privileges of members of Congress to the air mail service.

Lindbergh said he thought it essential "for the government branches to be able to use" the air mail service, especially since the service was inaugurated by the government.

Under questioning by representatives Swing of California, author of the bill, and Perkins of New Jersey, republicans, the Colonel said that if members of Congress used the air mail people throughout the country would become more familiar with such a service and probably would begin to use it themselves.

SENATE STANDS PAT

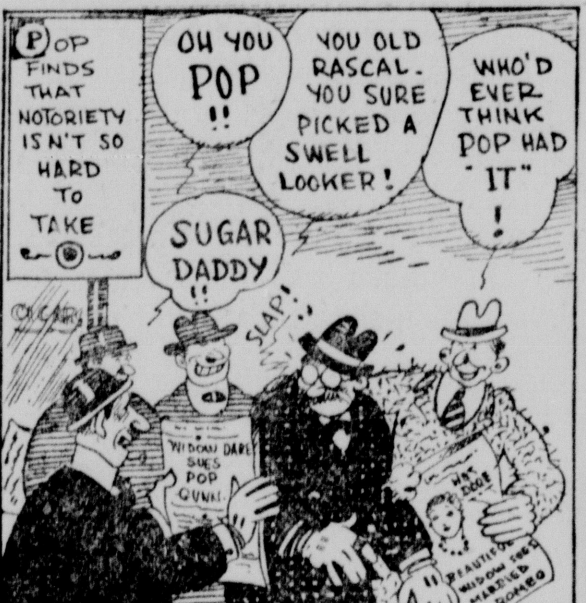

Washington, March 26—(AP)—The Senate stood pat today in its demand that a Congressional committee investigate the sinking of the submarine S-4 last December and turned down a compromise offer from the House that a Presidential commission with some membership from Congress make the inquiry.

"LONE EAGLE" IS NOW FREE TO DO WHAT HE PLEASES

Officially Withdraws from
Public Focus: Wants
Privacy

Washington, March 27—(AP)—Accclaimed as no other individual in the history of the nation, Colonel Charles A. Lindbergh officially withdrew himself from public focus today to follow his long-cherished pursuit of a normal American citizen. Weary of the jostling and admiring masses, decoration ceremonies and the constant formal affairs in his honor, the youth who has done more for aviation than any other man since the Wrights and Langley, calmly contemplated the future and how best he might acquire himself in the interest of his lone hobby. Ever since he made his memorable trans-Atlantic non-stop flight ten months ago from New York to Paris, Lindbergh had been feted and honored continuously in world capitals, in the smaller cities of his native country and in the halls of great legislative bodies, until it seemed his tall but frail physique must soon crack under the strain.

But he stood it all, and today, after one of the busiest aerial acts of his sensational career, he appears in perfect health and only wants to be left alone to work out his own plans. He can stand the crowds a little so long as they don't "push me around." Lindy doesn't know what he's going to do just yet. His "Spirit of St. Louis" was tuned up today at Bolling Field to take him whenever and wherever his heart desires, but it is safe to say he wants no reporters around when he takes off. The "Flying Colonel" wound up his six-day propaganda school in aviation at the local army station yesterday by taking aloft more than 200 members of the Washington diplomatic corps, and their friends, the majority of whom comprised the Pan-American corporation, which Lindbergh recently toured. Food will be ambassador.

He Carried 1100 Taken up in 22 groups, they brought the flyer's total passengers in six days to approximately 1,100. In all, 110 flights were made, averaging 15 minutes each at a speed of 90 miles an hour and covering about 2,400 miles over Washington and nearby Virginia.

In contrast to those of the high hats and spats with whom he mingled all day, the "Lone Eagle" spent his last evening in the public eye attending a smoker given by the enlisted men at Bolling Field. There he ate ham sandwiches, cheered boxing bouts and chatted with mechanics who more than once had groomed his planes for flight.

NEA GIRL ALONE

COPYRIGHT 1926 BY NEA SERVICE

ANNE AUSTIN AUTHOR OF "SINNERS AND SAINTS"

THIS HAS HAPPENED

SALLY FORD is left at the orphanage when she is four by a woman who says she is the child's mother but who never returns. At 16 Sally is "famed out" to CLEM CARSON and goes to her new home with the status of servant. Sally forgets her duties when she meets DAVID NASH, handsome young student of scientific farming, who is working on the Carson farm for the summer.

PEARL, Clem's daughter, hates Sally because David plainly prefers Sally to her and heaps insults on the defenseless orphan. David asks Sally to go for a walk with him so he can show her how lovely the farm is by moonlight. On a sudden impulse she tells him that Clem Carson has warned her to have nothing to do with David as he and Pearl are practically engaged. David stoutly denies this and sees in Clem's remarks a scheme to unite his grandfather's place with the Carson acres. As they talk quietly they are startled by Carson's voice.

NOW GO ON WITH THE STORY

CHAPTER X

DAVID and Sally had been sitting at the end of the corn field, in plain sight of anyone who cared to spy upon them. When Clem Carson's harsh bellow startled them out of their innocent confidence, David jumped to his feet, offering a hand to Sally, who was trembling so that she could scarcely stand.

"We're not in the corn, Mr. Carson," David called, his voice vibrating with indignation. "I'll have to ask you to apologize for what you said, sir. There's no harm in two young people watching the moon rise at 10 o'clock."

Carson came striding out of the corn. David, feet planted rather far apart, looked as if he were braced for attack, and the farmer after an involuntary shrinking toward the shelter of the corn, advanced again, an apologetic smile on his brown face.

"Reckon I spoke hasty," he conceded, "but Jim said he seen you two younguns sneaking off into the corn and it got my dander up. I'm responsible to the orphanage for Sally, and I don't aim to have her going back in disgrace. Better get back to the house, Sally, and go to bed, seeing as how you've got to be up at halfpast four in the morning. You stay back a minute, Dave. I want to have a little talk with you."

"I'm taking Sally to the house, Mr. Carson," David said grimly. On the walk back to the house there was no opportunity for David to reassure the frightened, trembling girl, for Carson plowed doggedly along behind them, as they walked single file between the rows of corn. When they reached the kitchen, where Mrs. Carson was setting great pans of yeast bread to rise on the back of the range, Sally ran to the stairs, not pausing for a good-night.

The next morning at breakfast it was plainly evident that David had said one or two other things to Clem Carson, and that he in turn had passed them on to Pearl. For Pearl's eyes bore traces of tears shed during the night, and the high color of anger burned in her plump cheeks. Carson's anger and chagrin at losing all his hopes of David as a son-in-law and of acquiring, through his marriage to Pearl, the neighboring farm for his daughter, expressed itself in heavy "joshing," each word tipped with venom:

"Well, well, how's our Sally this morning? What do you know about this, Ma?—our little 'Orphan Annie' is stepping out! Yes, sir, she ain't letting no grass grow under her feet! Caught herself a feller, she has!"

"Eat your breakfast, Clem, and

"Sally," she said, her voice like a whiplash, "I want you to clean these things for me."

let Sally alone." Mrs. Carson commanded impatiently. "She's old enough to have a feller if she wants one."

"She's cut you out, Pearl, beat your time all hollow! And look ing as meek and mild as a Jersey heifer all the time! I tell you, Ma, it takes these butter-mouthed little angels to put over the high jinks!"

"I'm sure I wouldn't have looked at a hired man," Pearl cried angrily, tossing her head. "Sally's welcome to him. But I can't say I admire his taste."

"Don't you think you're going pretty far, Mr. Carson?" David asked abruptly.

"No offense, no offense," Carson protested hastily, with a chuckle that he meant to sound conciliatory. "I'm a man that likes his joke, and it does strike me as funny that a fine, upstanding college man like you, due to come into to properly scold day, should cotton to a scared little rabbit of an orphan like Sally here—"

"That'll do, Clem!" Mrs. Carson interrupted sharply. "Get ahead to your breakfast and clear out all of you! Sally and me have got a big day's work ahead of us. Pearl, I want you to drive to Capital City for some more Mason jars for me. I'm all out."

Later, when Sally was washing dishes, Pearl bounced into the kitchen, dressed for her trip to the city, her arms full of soiled white shoes, stockings and silk underwear.

"Sally," she said, her voice like a whip lash, "I want you to clean these shoes for me today and wash out these stockings and underwear. See that you do a good job, or you'll have to do it over."

"I've got enough work laid out for Sally to keep her busy every minute today," Mrs. Carson rebuked Pearl sharply. "Why can't you do your own cleaning, Pearl?"

"Because I've got a luncheon date and a matinee in town today, and I need these things for tonight. I'm going to a party at the Mul-

lins'. Goodby, Mom. Two dozen jars enough?"

When Sally was again bent over the dishpan she heard the little old grandmother's uncertain, quavering voice:

"It ain't fair, Debbie, the way you let Pearl run over Sally. She's a nice, polite-spoken little girl, the best worker I ever see."

"I know, Ma," Mrs. Carson answered in so kind a voice that fresh tears swam in Sally's eyes. "Pearl's been spoiled. But I'm too busy now to take it out of her. I wonder, Ma, if you couldn't rip up the seams, I'll stitch 'em myself at night, if I ain't too tired."

Sally whirled from the dishpan, stooped swiftly and laid her lips for an instant upon Mrs. Carson's hand. Then, flushing vividly, she ran back to the kitchen sink seized the big four-sack dish towel and began to polish a glass with intense energy.

Knowing that any day might prove to be her last on the farm, for Carson never let slip an opportunity to threaten her by innuendo with the disgrace of being sent back to the Home, Sally found a ray of comfort in the fact that Grandma Carson, probably because she felt sorry for Sally, constantly bickered as she was by the jealous, vicious-tongued Pearl, was slowly but surely completing the necessary alterations upon the other two dresses that Pearl had given her. The vague-eyed, kindly little old woman finished the alterations on Saturday morning, and Sally sped to her garret room with them, there to try them on and gloat over them. Then, her eyes darting now and then to the closed door, she hastily made a bundle of the three new dresses and hid it under the cornsack mattress of her bed. Maybe it would be stealing to take the dresses if she had to run away, but she couldn't hope to escape in the orphanage uniform—

Early Saturday afternoon Mrs. Carson announced that she had to go into the city to do some shopping. The farmer suggested that Pearl drive her in, since he himself was to be busy setting up the elder mill in a shack he had built at the foot of the lane, where it ran into the state highway.

"And you might as well take the Dodge and let Ma and Benny go in with you. They haven't seen a picture show for a month," Carson suggested.

The thought of seeing a movie overcame Sally's timidity. "Would there be room for me, Mrs. Carson? I could help you with your shopping, help carry things—"

"I don't see why not," Mrs. Carson answered. "I got a lot of trotting around to do and it's mighty hot—"

"Mama, if she goes, I won't go a step!" Pearl burst out shrilly. "I won't have her tagging after us all afternoon, making eyes at every man that speaks to me!"

"Pearl, Pearl, I'm afraid you're spoiled rotten!" Mrs. Carson shook her head sadly. "I'll bring you a pair of them fiber silk stockings, Sally, to wear to church tomorrow night with your flowered taffeta," she offered brusquely, by way of consolation.

When the car had swept down the lane and Sally was left alone in the house, she busied herself furiously in an effort to dissipate her loneliness and disappointment, and a fear that grew upon her with the realization that Carson had not accompanied his family to town. The two hired men had left the farm for Capital City immediately after the noon meal, wages in their pockets, bent on an afternoon and evening of city pleasures. On the entire farm there was no one but herself, Carson and David. And where was David? If she needed him terribly, would he fail her?

(To Be Continued)

Something happens in the next chapter, and Sally and David run away.

BUSH MEN LIKE MOVIES BUT HATE LOVE SCENES

Sydney, Australia—(AP)—Australia aborigines walk scores of miles to see wild west movie pictures, but they detest love scenes in the cinema because they consider it uncivilized for men and women to "neck."

James R. Beckett, a government official, told members of a federal com-

mission, investigating the motion picture industry of Australia, that the films generally had a detrimental effect on the minds of primitive people like the aborigines here and the natives of the Pacific islands.

"After having seen a movie hero shooting up a western town on horseback," Beckett reported, "my aboriginal boys took my revolver, mounted my horses and rode around the bush shooting up kangaroos and emus. They fired into the air or at posts when they could not get better targets."

PLAN NEW SCHEDULE OF STANDARD FREQUENCIES

Washington—(AP)—A new schedule of radio signals of standard frequencies for use by the public in calibrating transmitting and receiving apparatus will be inaugurated at 10 p. m. April 20 by WAVY of the Bureau of Standards here.

The signals can be heard and utilized by stations equipped for continuous wave reception at distances of

THE RIGHT WAY TO BANISH FAT

Combat a cause which modern research has discovered. Turn food into fuel and energy, rather than into fat. Supply a natural element which your system lacks. That is the method embodied in Marmola prescription tablets.

People have used Marmola for 20 years—millions of boxes of it. They have told others the results. Now, in almost every circle, you can see the results in new beauty and new vim. Why not learn the way to attain them?

A book in each box of Marmola tells you the formula, also the reasons for results. You will know why the effects come, and why they are beneficial. Go ask your druggist—in fairness to yourself—for a \$1 box of Marmola.

from 500 to 1,000 miles from the transmitting station.

The signals are sent by continuous wave radio telegraphy and have a slight modulation of high pitch which aids in their identification. Each frequency transmission includes a general call and standard frequency signal and announcements. The general call is given at the beginning of the 8-minute period and continues for about two minutes. This includes a statement of the frequency.

HAHN, CONGER FACE TESTS IN OLYMPIC GAMES

Expected to Race in 800 and 1500 Meter Events in July

New York, March 27.—(AP)—Lloyd Hahn of the Boston A. A. and Ray Conger of the Illinois A. C. foremost runners of American Olympic middle distance candidates, will be expected to race in both 800 meters and 1,500 meters events at the Amsterdam games.

Head Coach Lawson Robertson of the Olympic team has formally notified the runners to train for these distances. While Hahn has been in favor of competing in both events, Conger questions his own ability to race on five successive days. Such will be the case for athletes entered in the 800 and 1,500 meters distances which involve trial heats.

Final Olympic tryouts will be held at Boston on July 6 and 7 at which time Hahn and Conger will test out their durability for the two races. Only four runners have ever scored the double triumph in the Olympics at the 800 and 1,500 meters distances. E. H. Flack of Great Britain performed the feat in 1896. Jimmy Nightbody of the United States in 1904. Mel Sheppard, another American, in 1903 and A. G. Hill of Great Britain, in 1920.

Illinois Bowlers in Tourney Money

Kansas City, March 27.—(AP)—Opening of the fourth and last week of the American Bowling Congress tournament here finds eight Chicago entries among the 21 leaders in the four events.

While a general tightening of the race for leadership resulted yesterday, Chicagoans retained first place in three events and a Cicero, Ill., team held the other top berth.

D. Kraut of Cleveland went into second place in the all-events with 1,931, only six pins under the mark set Sunday by Phil Wolf, Chicago veteran. J. Sorbier of Detroit, shot 1,923 for third.

Sorbier, paired with A. Dingwell, also climbed to third in the doubles with 1,316. Will and Radeck of Cicero retained first with 1,263.

J. Bodis of Cleveland was "right" when he started his singles, but after shooting 223 he slumped to 193 and a brilliant 265 in his third game only carried him to a tie for fifth with Zeman of Chicago, on a mark of 685 each.

The John G. Eppings of Louisville, Ky., made 2,962 to lead in the five man event and place seventh. The Mineralites of Chicago lead in this class with 3,019.

Training Camp News Reported by A. P. Writers

(BY THE AP)

Winter Haven, Fla.—The Phillies break camp today and head for the home town, where they are due Thursday.

Los Angeles—The bat of Kiki Cuyler has led the Chicago Cubs to another exhibition game victory.

Driving out two home runs and a single, which accounted for four runs, Cuyler scintillated as the Cubs beat Los Angeles, 11 to 5, yesterday. During the Cubs' training season, Cuyler has hit above a 500 average.

Hack Wilson, co-holder of the National League home run championship for 1927, and Norman McMillan, rookie, also hit for the circuit.

Shreveport—The baseball lesson for study by the Chicago White Sox today was how to hold a six run lead. For the second successive day the Sox frittered away such a lead yesterday and Shreveport of the Texas League scored an 11 to 10 exhibition victory.

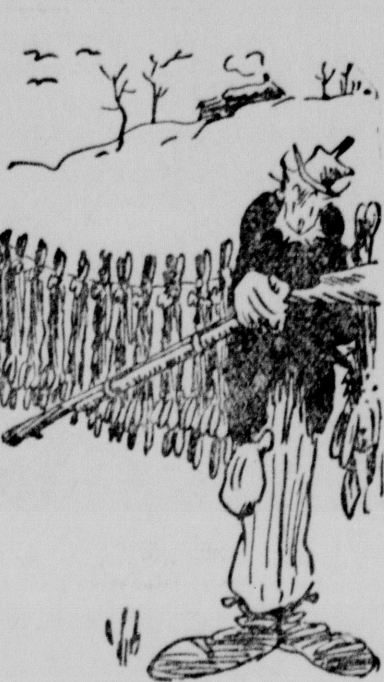

Augusta—With Eddie Roush in top form at the start of the season, Manager McGraw hopes his heretofore belated outfielder will do some hard slugging to put the Giants in front at the outset of the National League drive.

Cleveland—With only one more week remaining of the Cleveland Indians stay at New Orleans, Manager Peckinpaugh is worrying over the problem of which rookies will make up the dozen or so that must be turned loose. The Tribe has an unusually large surplus this year and Peck has a real problem in finding suitable farming grounds.

San Antonio—The strength, speed, reach and ambition of Charlie Sullivan, Detroit recruit pitcher, have aroused the interest of Manager George Moriarty, indicating the possibility that the Tigers may display a new moundman in the American League circuit this season.

Birmingham—One more member of the St. Louis Browns is in the hospital. Guy Sturdy has joined the disabled list with a lame back.

Tampa—The last practice session of the training season before the long grind of the regular campaign was behind the Washington Senators today as they warmed up for the first of two exhibition games with the St. Louis Cardinals.

Jane Fauntz Leads Women to Victory

Chicago, March 27.—(AP)—Sixteen year old Jane Fauntz of the Illinois Women's Athletic Club, who many critics were certain would never regain her stroke because of an automobile accident last summer today held two new world's swimming records.

Leading the I. W. A. C. to an easy 48 to 16 triumph over the Canadian champions, the Parkdale Dolphins of Toronto, last night, Miss Fauntz shattered the international records in the 100 yard and 100 meter breast stroke. In addition, the I. W. A. C. team established a national record in the 100 yd. relay, a teammate, Violet Martin, broke the national mark in

the 40 yards back stroke and Walter Laufer, Lake Shore Athletic Club, Chicago, who swam in a special event, excelled his own two-year old national record in the 300 yard medley event.

Miss Fauntz, whose right arm was injured severely in the automobile accident, relied on a powerful leg stroke to skim the water for her new records, which were made in one attempt. After bettering the world's mark in the 100 yard breast stroke, she continued on for the 100 meters distance, gaining with each lap on the old mark.

She also won first place in the fancy diving contest, in which she has specialized since the accident. By last night's victory, she is regarded as a certain entrant in the coming Olympic games.

Keech to Try Again

New York, March 27.—(AP)—Undaunted by the failure that nearly cost his life in his first attempt a few weeks ago Ray Keech, of Philadelphia, dirt track race pilot, plans another bid for a new world's auto speed record next month in J. M. White's 1,500 horse-power triplex.

Keech's trials at Daytona Beach, under sanction of the American Automobile Association, are to be held between April 1 and 5.

Sande Working Out

New York, March 27.—(AP)—Jockey Earl Sande, recently reinstated in good standing on the turf, is now galloping horses at Belmont Park in preparation for his return to the track.

CONGRESS SPENT TOO MUCH TO AL- LOW BIG TAX CUT

Coolidge to Veto Any Measure Which En- dangers Balance

Washington, March 27.—(AP)—Further ammunition for the impending tax reduction battle in the Senate was hauled up to the front today by administration forces in an attempt to convince the high-cut advocates that they are waging a dangerous fight.

Despite increased tax receipts for the first quarter, Treasury officials threw out the warning that Congress already had gone beyond the budget estimates in its appropriations and the face it was not possible now to vote more than a \$200,000,000 tax reduction without creating a deficit.

This is \$25,000,000 less than the original recommendation made by President Coolidge, but \$90,000,000 less than the cut provided for in the bill passed by the House and now awaiting action in the Senate Finance committee.

"Under no circumstances will the new recommendations of the Treasury exceed the original figure of \$225,000,000," one high official of the Treasury explained. "It is not probable that it will exceed \$200,000,000 and it is possible that it will be under \$200,000,000."

President Coolidge is understood to have informed the Treasury that he would veto any tax reduction measure that endangers the government's fiscal balance, and with this in mind his supporters in the Senate Finance committee, which takes up the House bill April 3, are laying plans to lop off an appreciable slice from the \$250,000,000 measure.

While Chairman Smoot of the Senate committee has declined to say where the pruning would begin, there have been indications in other Republican quarters that a move might be made to restore part of the automobile levy which the House repealed and to raise the corporation income tax from 11 1/2 per cent, proposed by the House, to 12 per cent, the present corporation levy is 13 1/2 per cent.

Lodge News

Spring "Round-Up" of Elks Thursday

Justice Floyd E. Thompson of the Illinois Supreme Court will be in

Dixon Thursday evening, accompanying a delegation of fifty members of the Moline lodge of Elks to this city to attend the spring "round-up," which will be conducted at the local Elks club house. Justice Thompson will be the speaker of the evening following the banquet. Delegations from thirteen cities, comprising the northwest Illinois district will be present at this meeting.

The delegations from the lodges of Rock Island, Moline, Sterling, Freeport, Galena, Rockford, DeKalb, Sycamore, Rochelle, Mendota, Kewanee and Dixon will bring candidates to this city Thursday evening, who will compose a large class which will be initiated during the evening. The all-star degree team of the northwest district, picked from the recent contest in this city, will have charge of the initiation. It is expected that about 300 visiting Elks will be in the city during the late afternoon and evening.

The candidates will form a procession which will parade through the business district at 5:30, led by the drum and bugle corps from Mendota lodge, which consists of 40 pieces. The parade will terminate at the Elks club where a banquet will be served at 6:30, followed by a program and the initiation closing the evening. The members of Dixon lodge are making their reservations for the evening by applying to Charles E. Miller, general chairman of the entertainment committee. A fine program of entertainment has also been arranged for the evening.

You Who Take

milk of magnesia, please accept a bottle free of this NEW form that multiplies its benefits

THAT the already remarkable benefits of plain magnesia can be multiplied is the most recent finding of modern scientific research.

A new form of magnesia has been found. A mintrated product offering results heretofore undiscovered.

Now, as a national better health movement, a test is being offered. Please use the coupon and make it.

What it is
Multiplied new advantages

It is called Mintrated Cream of Magnesia. A magnesia that embodies all the benefits of plain milk of magnesia, plus other important factors.

That not only neutralizes excess stomach acids, but removes the gas that forms as well. Thus doubling its power over old ways.

A mintrated product that is a delight to take. None of the flat after-taste of old-time preparations.

Stops stomach gas in 15 minutes

It relieves stomach gas in fifteen minutes. That is one place where plain magnesia failed. It merely neutralized excessive stomach acids and cleared the bowels. Failed to relieve the stomach of its gas. It relieves most trying cases of constipation. It acts to neutralize excessive stomach acids. It aids in re-establishing correct "acid balance" in the stomach. It clears the intestinal tract of its poisons.
